5th November

Dear Mary

Thank you for the wonderful day. I learned a lot about King Lear. I thought the workshop was really good because I am quite shy in front of lots of people so I liked to work in a group. I liked making the noises of the storm. When we were doing it on stage I thought the actors costumes were really good and I liked the ending of King Lear when they were fighting but it was sad when King Lear died.

I thought the performance was really good. The Marghill Community Centre was really nice and I was really excited about going in to the performance. I hope you come back to Hillhead and do something else with us. If somebody asked me to do some more Shakespeare I would say "Yes!"

Yours sincerely
Jordan Brown
